Masculinity (also called manhood or manliness) is a set of attributes, behaviors, and roles associated with boys and men. As a social construct, it is distinct from the definition of the male biological sex. Standards of manliness or masculinity vary across different cultures and historical periods. Both males and females can exhibit masculine traits and behavior.

Do the pyramid lapbook/worker piece on page 4. (All of the lapbook pieces are in the lapbook materials you printed out on Day 2.) (answer: You can see that the different pyramids put several groups together such as soldiers and farmers where as the lapbook piece asks you to put one on each line. You can make up your own specific order or group them on the pyramid.)

We synthesize our proposal for strategic leadership in today's dynamic environments under the label of transcendent leadership. A transcendent leader is a strategic leader who leads within and amongst the levels of self, others, and organization (see Fig. 1). Leadership of self is an emerging area in the leadership literature, while leadership of others has been the dominant focus of leadership ...
