The flies were kinda hard to miss. There were twenty of them. And, that was the point. I wanted my students to be wondering what today's lesson was going to be about.

### **Math = Love: Help! My classroom has been taken over by flies!**

Overview. Often property is defined by the code of the local sovereignty, and protected wholly or more usually partially by such entity, the owner being responsible for any remainder of protection. The standards of proof concerning proofs of ownerships are also addressed by the code of the local sovereignty, and such entity plays a role accordingly, typically somewhat managerial.
