It's a great POS tool for retail business needs, be it inventory, labelling, barcode integration, invoicing, accounting, reports etc... the system is easy to use, one demo from the customer service team member to my staff and we were on it.

HDPOS Smart - Reviews, Pricing, Free Demo and Alternatives

This research falls under the area of design and implementation of information systems in developing countries. I have studied the health information systems in Tanzania using case studies in Ilala Municipal, situated in Dar es Salaam city, and

Challenges and approaches to the integration of HIS: Case

Devices have been used to aid computation for thousands of years, mostly using one-to-one correspondence with fingers. The earliest counting device was probably a form of tally stick. Later record keeping aids throughout the Fertile Crescent included calculi (clay spheres, cones, etc.) which represented counts of items, probably livestock or grains, sealed in hollow unbaked clay containers.
