ETHICS - STATE BAR OF CALIFORNIA

computers ethics and society pdf

Ethics in technology is a sub-field of ethics addressing the ethical questions specific to the Technology Age. Some prominent works of philosopher Hans Jonas are devoted to ethics of technology. The subject has also been explored, following the work of Mario Bunge, under the term technoethics

Ethics of technology - Wikipedia

Encouraging ethical practices is an important way for the State Bar to prevent and discourage attorney misconduct. This is where you'll find many resources, including ethics opinions, education programs and research tools that can aid attorneys in the course of practicing law.

Ethics - State Bar of California

History. The term information ethics was first coined by Robert Hauptman and used in the book Ethical challenges in librarianship. The field of information ethics has a relatively short but progressive history having been recognized in the United States for nearly 20 years. The origins of the field are in librarianship though it has now expanded to the consideration of ethical issues in other ...
