Product concept is the understanding of the dynamics of the product in order to showcase the best qualities and maximum features of the product. Marketers spend a lot of time and research in order to target their attended audience. Marketers will look into a product concept before marketing a product towards their customers.. While the "product concept" is based upon the idea that customers ...

White people in North America live in a social environment that protects and insulates them from race-based stress. This insulated environment of racial protection builds white expectations for racial comfort while at the same time lowering the ability to tolerate racial stress, leading to what I refer to as White Fragility.
