CONCEPT - WIKIPEDIA

THE THRESHOLD CONCEPT

## **concept development practice page pdf**

A central question in the study of concepts is the question of what concepts are. Philosophers construe this question as one about the ontology of concepts – what they are really like. The ontology of concepts determines the answer to other questions, such as how to integrate concepts into a wider theory of the mind, what functions are allowed or disallowed by a concept's ontology, etc.

Hopefully, as the framework is now maturing, more such papers will appear. Extent of this site's coverage of the Threshold Concept Framework This bibliography initially reflected the interests of the compiler but, over a decade, has been massively extended to cover most disciplines and topics in which there are published papers on the threshold concept framework.

Reflective Practice. Reflective Practice is a modern term, and an evolving framework, for an ancient method of self-improvement. Essentially Reflective Practice is a method of assessing our own thoughts and actions, for the purpose of personal learning and development. For many people this is a natural and instinctive activity.
