Chapter 8 Vocabulary Assessment and Organization 237 Many people rate ambitious (“eager to achieve success, power, or wealth”) as a 4—they can and do use this word in their writing and discussion. Clemency (“forgive-ness, mercy”) is often rated as a 2 or 3; the majority have either (2) heard the word

## chapter Vocabulary Assessment and Organization

The Standard Model of particle physics is the theory describing three of the four known fundamental forces (the electromagnetic, weak, and strong interactions, and not including the gravitational force) in the universe, as well as classifying all known elementary particles. It was developed in stages throughout the latter half of the 20th century, through the work of many scientists around the ...

## WebAssign

An atom is the smallest constituent unit of ordinary matter that has the properties of a chemical element. Every solid, liquid, gas, and plasma is composed of neutral or ionized atoms. Atoms are extremely small; typical sizes are around 100 picometers (a ten-billionth of a meter, in the short scale). Atoms are small enough that attempting to predict their behavior using classical physics – as ...
