Standards Support Documents. The TN Science Standards Implementation Guide can be used to facilitate meetings and investigations which connect the framework to the 2018-19 science standards. The Science Standards Reference is an exploration of all three dimensions of science instruction: science and engineering practices, crosscutting concepts, and disciplinary core ideas.

HobbySpace - New & Proposed Launch & Propulsion

Metaphysics is the branch of philosophy that examines the fundamental nature of reality, including the relationship between mind and matter, between substance and attribute, and between possibility and actuality. The word "metaphysics" comes from two Greek words that, together, literally mean "after or behind or among the [study of] the natural".
