TABLE OF CONTENTS . Chapter 3. ISOLATED AND MODERNIZED SWISS. IN ORDER to study the possibility of greater nutritive value in foods produced at a high elevation, as indicated by a lowered incidence of morbidity, including tooth decay, I went to Switzerland and made studies in two successive years, 1931 and 1932.It was my desire to find, if possible, groups of Swiss living in a physical ...

The economic history of Argentina is one of the most studied, owing to the "Argentine paradox", its unique condition as a country that had achieved advanced development in the early 20th century but experienced a reversal, which inspired an enormous wealth of literature and diverse analysis on the causes of this decline. Since independence from Spain in 1816, the country has defaulted on its ...

The ACT test is a curriculum-based education and career planning tool for high school students that assesses the mastery of college readiness standards

The ACT Test for Students | ACT

I received a recent comment from a gardener inquiring about harvesting ripe watermelons from plants that had volunteered in her home garden. There's no guarantee that those rogue plants will produce mature fruits but if they do there are a number of techniques that can be employed to ensure that you harvest the mature watermelons at their peak.
