The Role of Nurses - Nursing Online Course

OU MIGHT ASK the simple question, "What is the difference between clinical psychology and counseling psychology?" The answer, however, is not at all simple because psychology can be applied in many different ways. Some persons who study psychology end up practicing as counselors, some practice as psychotherapists, and some practice as psychologists.

Clinical Psychology, Counseling Psychology, and ...

Counseling psychology focuses on teaching patients of all ages how to cope with emotional, physical and mental health issues. Oftentimes counseling psychologists will focus on the daily life stressors of their patients, teaching patients to find a balanced approach to overcoming stress.

Counseling Psychologist

Abstract Burnout is a prolonged response to chronic emotional and interpersonal stressors on the job, and is defined by the three dimensions of exhaustion, cynicism, and inefficacy. The past 25 years of research has established the complexity of the construct, and places the individual stress experience within a larger organizational context of people's relation to their work.
