Nationwide, the child support program serves one quarter of all U.S. children and half of all U.S. children in poor families—totaling 17.5 million children. 1 Child support is one of the largest sources of income for families. Research shows it reduces child poverty, promotes parental responsibility and involvement and improves children's educational outcomes.

A state optometry board is usually composed of optometrists and public members who are, in most instances, appointed by the governor. Some boards are independent in structure, exercising all licensing and disciplinary powers, while others are part of a larger umbrella agency, such as the Department of Health, exercising varied levels of responsibilities or functioning in an advisory capacity.
