The Puppet Master (real name Phillip Masters) is a fictional character and supervillain appearing in American comic books published by Marvel Comics.. The Puppet Master uses radioactive clay to make puppets in the likenesses of real people, whom he can then control by attaching the clay puppets to strings and moving them about. Presumably he has some sort of psionic ability that enables him to ...

Researchers at Yale stuck babies between 6 and 10 months old in front of a puppet show, a morality tale featuring anthropomorphic geometric shapes, which sounds like the shittiest puppet show ever. Basically it boiled down to a yellow triangle helping a red ball up a hill, while a blue square tried to push the red ball back down.

During the 18.10 release cycle, we got the development ball rolling again. Len Ovens worked on a new version of Ubuntu Studio Controls that would do something that no other tool for configuring audio on Linux had been done before: adding/removing USB devices from the Jack Audio Connection Kit (Jack) as they are hotplugged, and allowing Jack to use more than one audio device simultaneously.
