Qualitative Research: The essential guide to theory and ...

Although the objectives of quantitative and qualitative research are not mutually exclusive, their approaches to deciphering the world involve distinct research techniques and thus separate skill sets. This guide is intended to train researchers in the skill set required for qualitative research.

Module 1 Qualitative Research Methods Overview

The guide starts by telling you what qualitative methodology is and when to use it in the field (understand people's belief system, perspectives, experiences). It also flags the most important ethical issues that you will encounter (consent and confidentiality).
